

ALAMEDA POINT/ALAMEDA NAVAL AIR STATION
SEEKING INFORMATION
FOR HISTORICAL RADIOLOGICAL ASSESSMENT

The Department of the Navy (Navy) is presently seeking to interview current and former Navy personnel, civilian employees, and contractors regarding radiological operations at the former Alameda Naval Air Station, Alameda, California.

The Base Realignment and Closure Program Management Office West is working with the Naval Facilities Engineering Command, Southwest Division and the Navy's Radiological Affairs Support Office in the preparation of the Historical Radiological Assessment (HRA) for Alameda Naval Air Station. The HRA will document the historical radiological operations of the Naval Air Station including former uses of radioactive materials and locations where radioactive materials were used, stored, or disposed. Radiological operations may have been conducted by any of the following employers or their contractors: Alameda Naval Air Station, Naval Air Rework Facility, Fleet Industrial Supply Center Oakland (FISCO) Alameda Annex, or Naval Radiological Defense Laboratory.

Face-to-face interviews as well as telephone or e-mail interviews can be arranged. Information resulting from interviews will be used for preparation of the HRA. The Navy is interested in obtaining open and honest oral histories. The Navy is not interested in pursuing adverse action against interviewees based on information supplied during the interviews. **If you are a current or former member of the Navy, former civilian employee, or contractor and have information about past radiological operations at ALAMEDA NAVAL AIR STATION, please contact Robert O'Brien, Weston Solutions, at e-mail address robert.obrien@westonsolutions.com or call 1-800-538-9815.**
